### EXAMINER'S AMENDMENT

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on June 4, 2004 has been entered.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 1:

Line 13, a word "when" has been added before "said cap member is at the first position". This addition is to indicate "timing", similar to the word "when" in line 14. This "when" is before "said cap member is at the second position", also indicating a "timing".

3. Claims 1-4 and 6-8 are allowed.

Art Unit: 2861

4. The following is an examiner's statement of reasons for allowance:

Claims 1-4 and 6-8:

The primary reason for the allowance of claims 1-4 and 6-8 is the inclusion of the limitation of an engaging portion, engageable with and disengageable from the driving force of said second driving source, for transmitting the driving force of said second driving source to said suction source when said cap member is at said first position and not transmitting the driving force of said second driving source to said suction source when said cap member is at said second position. It is this limitation found in each of the claims, as they are claimed in the combination that has not been found, taught or suggested by the prior art of record, which makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Shih-wen Hsieh whose telephone number is 571-272-2256. The examiner can normally be reached on 7:30AM -5:00PM.
